# CPD OFFER 2023/24

## Welcome to the L.E.A.D. Teaching School Hub Lincolnshire

*Working in partnership, achieving the highest outcomes for all.*

Designated and established in September 2021, L.E.A.D. Teaching School Hub Lincolnshire is committed to its vision, supporting schools to invest in their workforce in order to grow, recruit, develop and retain the very best teachers, support staff and leaders.

The role of the Hub is to promote the importance of high-quality continuing professional development from Initial Teacher Training through to executive leadership, supporting teachers throughout their career in a sequential and cohesive way. The ultimate aim is to impact upon the life chances, well-being and outcomes for pupils within our region.

The Teaching School Hub is designated to work with schools across Lincolnshire, outlined by the DfE as the following areas: Boston, Lincoln, North Kesteven, South Holland, South Kesteven, East Lindsey, and West Lindsey supporting every school type and phase, including Nursery, Primary, Secondary, Special and Alternative Provision.

*Delivering these aims through these underpinning principles:*

## THE HUB VISION

- Provide a **high quality, coherent and progressive approach** to the CPD of teachers and leaders in **every phase, subject and context** throughout their career.
- Establish **strong professional development cultures in schools** across the county, elevating the quality of teaching and ultimately improving pupil outcomes.
- Signpost and offer **CPD which is quality-assured, evidence-informed** and best practice.
- **Grow, recruit, develop and retain** the very best teachers.
- **Ensure that the highest quality provision is on offer through ITT, ECF, CPD and NPQs** to develop staff at every stage of their careers.
- Ensure that **every child** in the classroom in every school **gets a world-class education**.

## LEADERS

who impact positively upon learners through:

- having a **deep rooted understanding of high-quality teaching and learning** and knowing how to implement this effectively across an educational setting
- establishing an **effective curriculum** to enable successful outcomes for all
- understanding what makes **high-quality CPD and career progression** for all teachers and leaders
- **strategic planning, implementing, monitoring and evaluating** the cycle of school improvement underpinning effective leadership and development of people
- having **high aspirations of leaders, staff and learners**, developing a culture of ambition for all

## TEACHERS

who impact positively upon learners through:

- having a **strong understanding of high-quality teaching and learning**, and knowing how to effectively **design, implement, assess** and deliver an excellent curriculum
- having **high aspirations for themselves and pupils**, meeting the needs of every learner
- demonstrating a **commitment and enthusiasm to develop themselves and their colleagues**
- exhibiting a **sense of pride in the profession**
- being **continually reflective in practice, striving for excellence** and having an understanding of what this looks like

## LEARNERS

across Lincolnshire who:

# Working in Partnership

Proud to be working with...

Partnerships are fundamental to the leadership, strategy, operational delivery and dissemination of the Teaching School Hub to ensure a positive impact across Lincolnshire and the Trust. Therefore the community, staff, associates, delegates and partners with important contributions to make to the success and daily life of the academy are fundamental.

## The DfE/ The Lead Providers/ Other Teaching School Hubs

The Hub is designated by the DfE and works in partnership to ensure that the impact is maximised. The Hub works in partnership with the Education Development Trust and Teacher Development Trust as the lead providers to deliver the Early Careers Framework, leadership and specialist NPQs. In addition to this, L.E.A.D. Teaching School Hub has partnered with a range of other Teaching School Hubs both locally and nationally to engage in Hub to Hub Peer Review, offer joint CPD and provide or receive professional challenge.

Partners include the following:

<b>ITT- Initial Teacher Training (ITT) providers</b>	The Hub collaborates with ITT providers in the region, supporting the retention of trainee teachers, and providing and signposting to high-quality support available across Lincolnshire.
<b>Schools, Trusts and the Diocese of Lincoln</b>	Trusts and Schools are likely to have their own recruitment and retention strategy. L.E.A.D. Teaching School Hub will act as a resource for schools and trusts to complement their internal offer and signpost further external support available.
<b>Local Authority</b>	A number of schools in the region are currently local authority maintained. The local authority provides a broad range of services to schools that fall outside the remit of L.E.A.D. Teaching School Hub. The Hub will seek to compliment statutory local authority services and functions.
<b>The DfE</b>	The Hub will support and complement the school improvement functions of the DfE and provide capacity when required for a broader school improvement service to schools and trusts. The DfE will monitor the work of the Hub against the approved KPIs which have been jointly set.
<b>Research School/ Curriculum Hubs</b>	<p>The Research School and Curriculum Hubs are central to the high quality provision on offer across the region. The Teaching School Hub will seek to signpost to the offer of each Hub, avoiding duplication of their remit for schools.</p> <p>The Teaching School Hub is partnered with: The Music Hub, Science Learning Partnership, Computing Hub, English Hub, Behaviour Hub, RSHE Hub, Maths Hub, Whole School SEND, NCELP, Careers Hub and the Kyra Research School.</p>
<b>Schools of Excellent Practice</b>	The Hub will seek to signpost and showcase excellent practice across the region. Based upon a rigorous analysis to identify excellence, including the impact that it yields, the Hub will work closely with these schools or MATs to share this provision more widely.

## Golden Thread across all Phases and School Types

## Five Pillars of Effective CPD

The Teaching School Hub aims to promote and deliver high-quality evidence-based CPD that focuses on developing quality teaching across Lincolnshire. The Teaching School Hub will ensure that any CPD delivered directly supports the improvement of teacher quality (e.g. fostering knowledge of pedagogical practice or subject expertise) and is complementary to ITT, ECF and NPQs.

### Role/Partners

The Teaching School Hub will also ensure that CPD is underpinned by and meets the Standard for Teachers' Professional Development. The pillars that constitute the standard are:

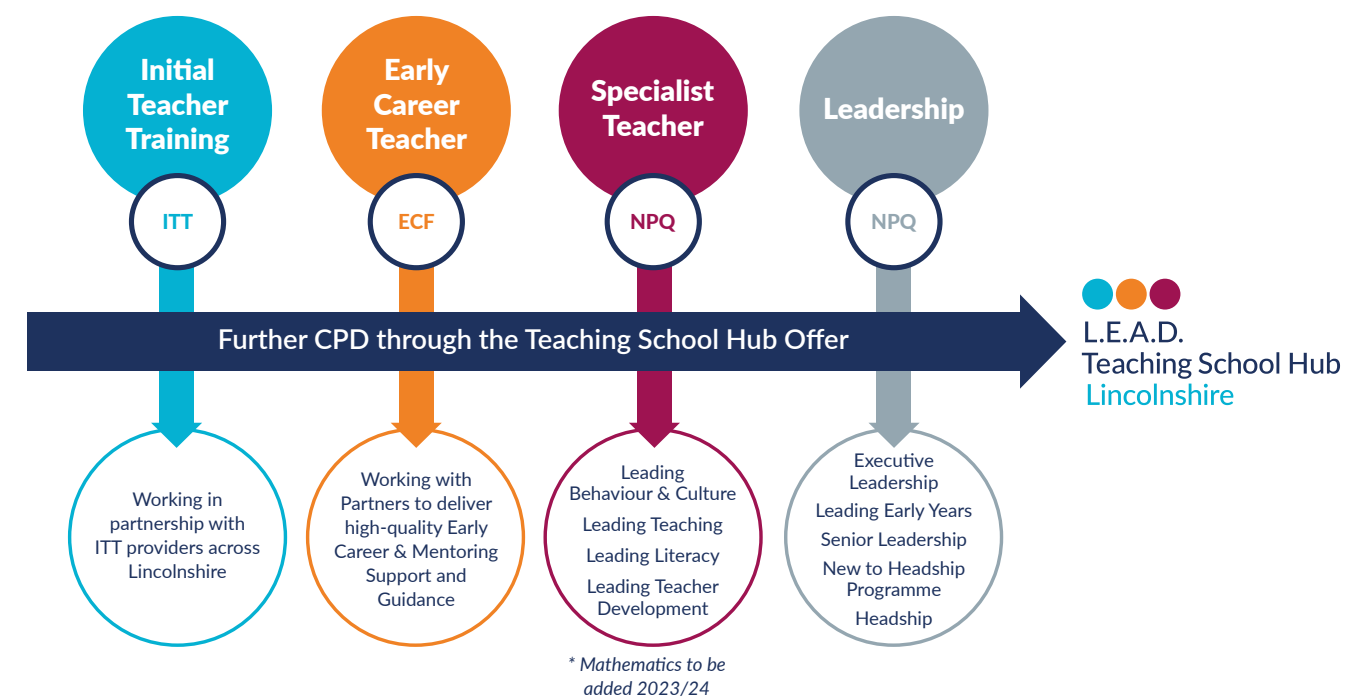

## CPD

- Improving and evaluating pupil outcomes
- Robust evidence and expertise
- Collaboration and expert challenge
- Sustained over time
- Prioritised by school leadership

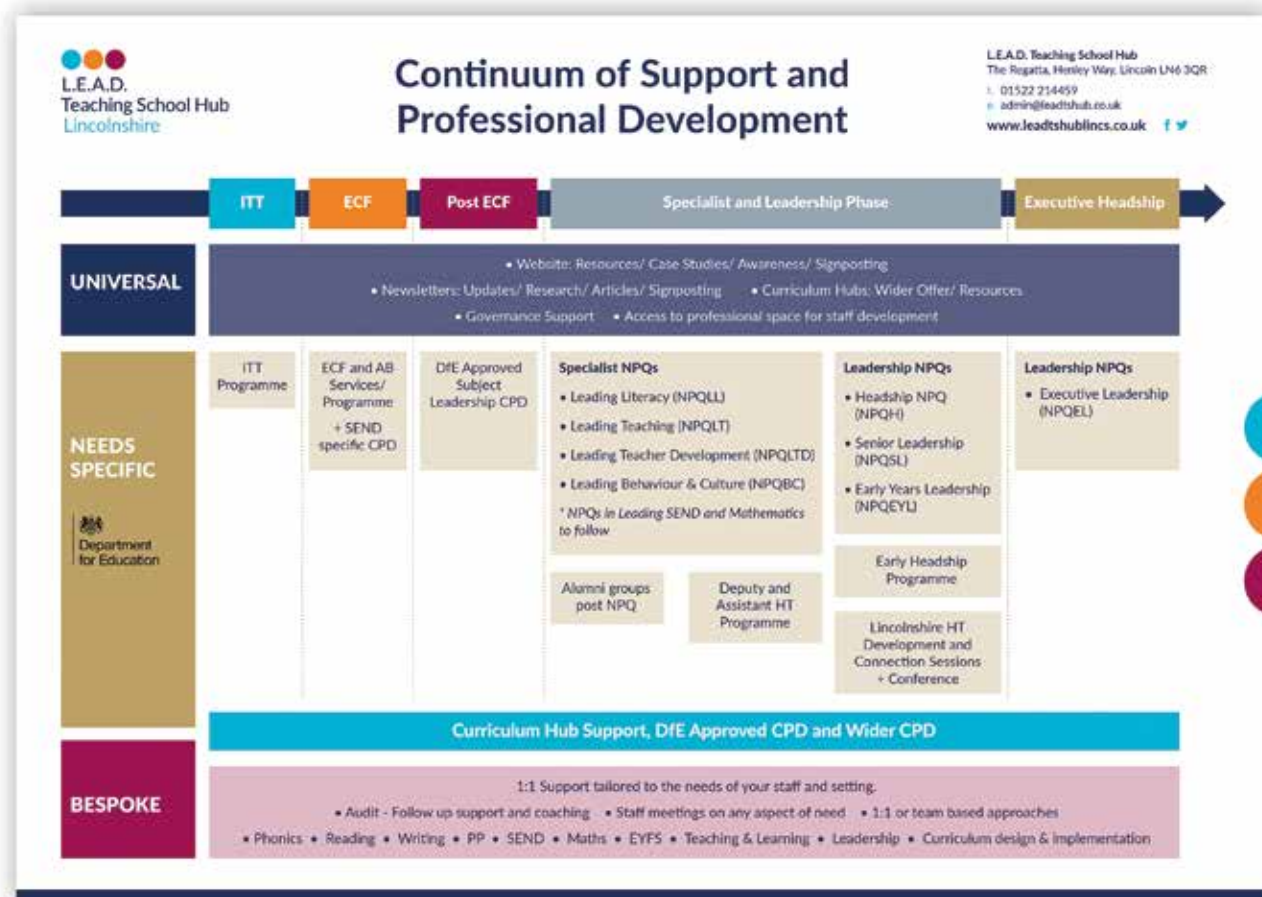

In developing great teachers, leaders and support staff, L.E.A.D. Teaching School Hub is committed to the 'Golden Thread' of professional development. In this, the Hub and its partners have devised a simple image to demonstrate the opportunities at every career stage.

# Initial Teacher Training (I.T.T.) and Routes into Teaching

We are privileged to work across the region with a range of providers who offer teacher training. L.E.A.D. Teaching School Hub is committed to offering the highest quality training through a carefully structured curriculum, which follows a golden thread from I.T.T. into the Early Career Framework and beyond.

If you are considering hosting a trainee or if you are an aspiring teacher who is eager to shape the lives of pupils in Lincolnshire, then we are eager to support you in understanding the options which are available to you.

Shaping the early career experiences of a trainee, and being part of their journey, can play a vital part in the recruitment and retention of a strong and highly skilled workforce. Working closely with the Teaching School Hub provides rich opportunities for further continuing professional development and mutual collaboration for all involved, with the aim of impacting upon pupil outcomes.

## Lincolnshire SCITT

L.E.A.D. Teaching School Hub is proud to be a strategic partner of Lincolnshire SCITT (School Centred Initial Teacher Training). Lincolnshire SCITT is the accrediting body for Qualified Teacher Status (QTS) and runs a programme which integrates with the University of Lincoln who are the awarding body for a Postgraduate Certificate in Education (PGCE).

### DEVELOPMENT OF MENTORS

School-based mentors play a vital role in shaping the very best teachers of the future. We highly value all our mentors and are committed to ensure that they receive continued professional development throughout their time as a mentor. SCITT mentor training includes instructional coaching, focused mentor development modules on the Core Content Framework (CCF) and understanding how the golden thread of CPD leads into the Early Careers Framework (ECF).

### OVERVIEW OF THE LINCOLNSHIRE SCITT PROGRAMME

Trainees go through a rigorous recruitment process to ensure schools have high-quality trainees in their classrooms. Trainees work closely with a mentor who will support and guide the trainee throughout their training year. Trainees work in more than one placement, offering a different context for the trainee to apply their growing knowledge and skills, before returning to the main school.

Central training is research-informed and delivered by experts in their field. Central training is facilitated by subject specialists, lead teachers and other expert

colleagues to help develop understanding of how to be a teacher, how to teach and how to teach a particular subject. All training is underpinned by robust and relevant research. Trainees also will attend sessions with specialists from The University of Lincoln's School of Education, as part of their central training. Each trainee is fully supported with regular contact with the SCITT Team from Lincolnshire SCITT. This structure is currently being reviewed in line with the national ITT market review. The structure for trainees and mentors from September 2024 will be shared within the academic year.

### UNDERGRADUATE PROGRAMMES

- **BA (Hons) Primary Education with QTS:** This three-year degree course at BGU is designed to allow you to study a vocational honours degree in Primary Education leading to Qualified Teacher Status. It provides an integrated academic and professional preparation for teaching.
- **BA (Hons) Primary Teaching Studies (PTS) with QTS:** For Teaching Assistants or volunteers currently working in a primary school or equivalent educational setting who have recently completed a relevant Foundation Degree and are looking for a flexible route to attain a degree with QTS. This course is delivered via blended learning where students will be taught remotely for the equivalent of 1 day per week whilst working in their own setting for a minimum of two days per week.
- **FdA Primary teaching Studies (PTS):** For those wanting to work towards a degree who are already in employment or volunteering and don't want to give that up. The FdA Primary Teaching Studies course is designed to be delivered flexibly via blended learning and enables you to progress onto the Primary Teaching Studies with QTS and attain a full degree-level teaching qualification.

### POSTGRADUATE PROGRAMMES

- **Primary PGCE (1 year full-time or 2 year part-time blended options available):** This PGCE course prepares you to teach children in either the 3 to 7 age range or the 5 to 11 age range. It is a very practical course, with around two thirds of the time spent on placement in schools or early years settings, and around one third spent engaging in partnership training.
- **Secondary PGCE:** This course prepares you to teach in either the 11-16 (with post-16 enhancement) or 14-19 phases with full-time and part-time routes. It is a highly practical course with 120 days in school placement supported by expert subject mentors, complemented by rigorous theoretical and academic training. There are 19 subject specialism options to choose from.
- **Professional Certificate in Education, Training and Skills:** The Level 6 PGDE provides a teacher training route for graduates who are aspiring to teach in the education, training and skills sector such as further education colleges, private sector training providers and offender education. Non-graduates may also opt for the Certificate route at Level 5. Both courses are highly practical, with 80% of time spent on placement.

To find out further information regarding routes into teaching please contact Laura Douglas on 01522 214459

# Early Career Teaching

## L.E.A.D. Teaching School Hub's package of support

In line with the national recommendation, we believe that the Early Career Professional Development Programme (EC PDP) is the ideal training package for ECTs employed in Lincolnshire and beyond. Our lead provider is the Education Development Trust (EDT). Many Teaching School Hubs also use the Education Development Trust as their Lead Provider which supports with any ECT transition.

L.E.A.D. Teaching School Hub is a Delivery Partner for the Education Development Trust and sits on the Advisory Board, ensuring that the programme is most appropriate for schools. It simplifies and streamlines procedures, saving schools time and resources, and gives settings complete assurance that the AB and ECF responsibilities are fully covered and supported. It also gives schools additional support and services exclusive to L.E.A.D. Teaching School Hub and the Lincolnshire Hub Delivery Partners.

### Our package of support gives you:

- access to the fully funded DfE Early Career Teacher programme (in partnership with the DfE approved provider, Education Development Trust) for the duration of an ECT's induction; and
- access to our full Appropriate Body (AB) service.

It also includes a range of additional support exclusive to L.E.A.D. Teaching School Hub including:

- local and regional networks to collaborate as ECTs or Mentors, with opportunity to share best practice
- minimised travel time for face to face sessions with a variety of training dates and venues to chose from
- expert facilitators who are passionate about developing teachers new into their career and empowering mentors
- considered workload and flexibility of the programme content to maximise impact in schools
- central support from the Teaching School Hub to navigate the processes, systems and portal - a member of our ECF & AB Team is always available to answer any queries, both via the telephone and email

*Our offer is designed to support schools with an ECF-based induction and enables all ECTs to be clearly assessed against the Teachers' Standards.*

# Our Fully Funded Provider-led Early Career Professional Development Programme (EC PDP)

This programme meets the DfE's statutory ECF framework expectations. Each school must offer an ECF programme of support for ECTs undertaking statutory induction. L.E.A.D. Teaching School Hub Lincolnshire is working in partnership with Education Development Trust, a DfE accredited Lead Provider, to deliver the Early Career Professional Development Programme to both ECTs and Mentors.

## Education Development Trust's Early Career Professional Development Programme (EC PDP) Overview

Education Development Trust's EC PDP programme is designed to fit in with the day-to-day realities of supporting teachers new into the profession at the start of their career. It is structured to help Early Career Teachers (ECTs) integrate theory, practice and feedback. Early Career Framework (ECF) based training is expected to be embedded as a central aspect of induction and is not an additional training programme.

The Early Career Professional Development Programme (EC PDP) is rooted in research and expertise and backed by a range of tailored resources, endorsed by the Education Endowment Foundation (EEF). Content has been approved by the DfE for delivery by our team of expert facilitators. Blocks in year 2 build on the foundations encountered in year 1 to develop mastery in these crucial areas of practice and as such ECTs encounter a spiral curriculum.

Year 1	Establishing a positive climate for learning
	How pupils learn: memory and cognition
	Developing effective classroom practice: teaching and adapting
	The importance of subject and curriculum knowledge
	Assessment, feedback and questioning
Year 2	A people profession
	Embedding a positive culture for learning
	How pupils learn: making it stick
	Enhancing classroom practice: grouping and tailoring
	Revisiting the importance of subject and curriculum knowledge
	Deepening assessment, feedback and questioning
	Continuing your professional development

## Mentor Support

Mentors will both have the opportunity to learn and refine the best evidence-informed approach to mentoring and coaching techniques, enabling them to strengthen essential skills that they can both use to support them in their role as an ECT Mentor but also throughout their career. L.E.A.D. Teaching School Hub consistently uses feedback from previous cohorts of EC PDP Mentors to ensure that provision fits the needs of the current educational climate, in line with ensuring that fidelity is shown to the DfE approved training materials.

Specialist training and support will ensure each Mentor is confident in their knowledge of the Early Career Framework and develops their mentoring skills so that the ECTs they work with get the very best from the programme.

These highly skilled Mentors are the primary source of support and challenge to ECTs. Alongside face-to-face sessions to develop knowledge and skills in mentoring, aligned to the Mentor Standards, mentors will also be given the opportunity to have half-termly peer-coaching sessions to discuss progress and challenges with a 'buddy' mentor.

Once the two year Mentor training programme is complete, there is currently no requirement to revisit the programme again.

It has been fantastic having the opportunity these past two years to talk to other ECTs, share practice and ideas and gain that further reassurance. The opportunity to reflect has been advantageous to my practice as too often we don't always make that time in school to have that professional dialogue with peers.

Primary ECT

The facilitators were friendly and supportive and tailored the content of the session to myself and colleagues working in SEND/ SEMH settings. This was both refreshing and reassuring. The group discussions, feedback and chance to share useful ideas and strategies was the highlight of this SEND specific training for me.

SEND/SEMH ECT

Creating an action plan, considering how I can best support my ECT as they progress into their third of teaching has been incredibly helpful this afternoon. Excellent guidance was given by both staff leading the session and further support from my mentor colleagues.

SEND/SEMH Mentor

A really great session in a safe space to talk. I have gained a bank of practical ideas that I can take back and build into my classroom practice around feedback for pupils.

Secondary ECT

The explanations were clear and the facilitators were experienced and knowledgeable about mentoring, the online platform and where to find everything to support us in our role.

Primary ECT Mentor

It was incredibly useful to be shown the EDT online platform and where to find the materials to support us in our roles as Mentors from the offset. There were also opportunities built in to take the time to look at materials, reflect and ask questions for ensured clarity.

# Supporting KS2 and KS3 Teachers with Developing Reading Fluency

## Intended impact of the programme

Teachers will have gained greater knowledge and understanding of how to identify pupil's barriers in reading and how to use fluency strategies to support pupils with becoming fluent and independent readers, therefore being able to access the curriculum.

*'Reading enjoyment has been reported as more important for children's educational success than their family's socio-economic status.'* OECD 2002

## Overview of the programme content and sessions

We aim to support teachers to enable their pupils to become fluent, independent readers who have confidence in their reading ability and have developed good reading habits, enabling them to read widely outside of school. We know that there are clear links between pupils who read independently and their academic outcomes.

By opening the programme up to Upper Key Stage 2 teachers, as well as teachers within Key Stage 3, we aim to support the communication between both phases, impacting on transition and a greater understanding of pupils' stages of development.

### Session 1: Launch Conference

KS2 and KS3 colleagues will work closely with James Durran to explore the barriers that lead to some pupils taking longer to master skills in reading and fluency before identifying strategies to support older pupils in unlocking reading to enable full access to the curriculum.

**Session 2:** Teachers will be trained in the strategies of modelled expressive reading, echo reading, repeated re-reading, skilled questioning, challenging text selection and modelled comprehension skills, to ensure that pupils are able to read fluently and independently and therefore able to access the curriculum.

**Session 3:** Teachers will be trained to identify pupils' barriers with reading fluency and how to use these assessments to inform how to successfully support pupils. Effective intervention strategies will be explored to support with improving the trajectory of pupils towards the expected standard in reading in KS2 and KS3.

**Session 1** Wednesday 24th January 2024, 10am – 3pm

**Session 2** Wednesday 28th February 2024, 1.30pm – 4pm

**Session 3** Wednesday 17th April 2024, 1.30pm – 4pm

**Venue:** L.E.A.D. Teaching School Hub, Lincoln LN6 3QR

**Cost:** £199

For those participants who attended the Developing Reading Fluency Course in 2022-2023, Session One, with James Durran, can be accessed at a reduced rate of £99.

Aimed at:

- Upper Key Stage 2 Teachers
- Key Stage 3 Teachers
- English Subject Leaders
- Literacy Leaders

**Course Leader**  
James Durran

James Durran is a Senior Education Adviser in North Yorkshire, where he moved after teaching for 24 years in Cambridgeshire. An experienced trainer, James has delivered seminars, lectures and practical workshops across the UK and abroad on the teaching of English, media and literacy, for both secondary and primary colleagues. He has published a number of books for teachers and students, including (with Andrew Burn) Media Literacy in Schools.

# HfL Education KS2 Reading Fluency Project

delivered in collaboration with L.E.A.D. Teaching School Hub

## Intended impact of the programme

HfL Education have found that pupils who have participated in their KS2 Fluency Project have made exceptional progress in a short space of time. On average, in just 8 weeks, pupils have made 2 years and 3 months progress in reading comprehension age and have gained an increase in accuracy of 13 months.\*

*\*as measured by the YARC assessment tool.*

Pupils typically demonstrated improvements in reading behaviour in terms of:

- stamina – able to read more text for a longer period whilst retaining understanding
- accuracy – students make fewer substitutions, omissions, mispronunciations and additions when reading a 'cold' text
- enjoyment – students read more and are more willing to explore a wider range of literature
- confidence – students tackle challenging texts with greater willingness and show improved tenacity in teasing out meaning
- engagement – students offer more extended contributions in group discussions about challenging text

## Overview of the programme content and sessions

The KS2 Fluency Project aims to accelerate achievement in reading fluency and comprehension in a short space of time. Strategies used on the project include:

- modelled expressive reading
- echo reading
- repeated re-reading
- skilled questioning
- challenging text selection
- modelled comprehension skills

In collaboration with HfL Education, participants will receive the project CPD through:

- a project launch from HfL Education, incorporating 3 sessions
  - Session 1 is an e-learning module and can be accessed 1 week prior to the launch day
  - Session 2: will be delivered via two live webinars over the course of one day
- a paired online session with another participating school led by a reading specialist
- a twilight session (delivered as a live webinar)
- a final review (delivered as a live webinar)

In addition, schools will use assessment materials to support in judging the impact of the project. Specialists will support with how to use the assessment materials diagnostically, and will draw together pre- and post-intervention data outcomes for the cohort.

The project cost covers the inclusion of one or two teacher(s) (who will deliver the sessions) and a project lead (this may be the English Leader).

### Project Launch:

- **Session 1** – Completed before Session 2. Access from Tues 12th Dec – Tues 9th Jan 2024

# HfL Education KS3 Reading Fluency Project

delivered in collaboration with L.E.A.D. Teaching School Hub

## Intended impact of the programme

HfL Education have found that pupils who participated in their KS3 Fluency Project have made an average of 18 months progress in reading comprehension age over the 8-week project\*.

*\*as measured by the YARC assessment tool based on 150 students.*

Pupils typically demonstrated improvements in reading behaviour in terms of:

- stamina – able to read more text for a longer period whilst retaining understanding
- accuracy – students make fewer substitutions, omissions, mispronunciations and additions when reading a 'cold' text
- enjoyment – students read more and are more willing to explore a wider range of literature
- confidence – students tackle challenging texts with greater willingness and show improved tenacity in teasing out meaning

# Disciplinary Literacy

## Intended impact of the programme

Headteachers and English Leads recognise the importance of 'disciplinary literacy', an approach to improving literacy across the curriculum. Disciplinary Literacy recognises that literacy skills are both general and subject specific, underlining the value of supporting teachers in every subject to teach students how to read, write and communicate effectively in their subjects.

During the day, Alex will share worked-up disciplinary literacy planning, as well as integrating some local approaches.

# Developing the Expertise of Teachers in the Quality First Teaching of Writing

## Cohort 2 2023-2024 / Year 1

### Intended impact of the programme

Writing is an important life skill that helps children make more sense of themselves and their world, and one that helps them communicate effectively rather than a task focused on 'getting words right', or writing to teacher-prescribed tasks. Develop an understanding of transcription and composition, recognising the need to develop fluency in transcription to support pupils with the development of a positive approach to writing as well as building writing stamina and resilience during the compositional stages of writing.

Conference Leader  
James Durran

### Overview of the programme content

#### Session 1: CONFERENCE: James Durran

Colleagues will work closely with James Durran to explore the key fundamental areas of an effective writing curriculum. James will discuss the barriers that lead to some pupils taking longer to master writing skills, offering practical advice to schools.

#### Session 2 and Session 3:

The following two sessions will explore the key principles discussed within James Durran session in more depth with the programme aiming to support schools to develop the teaching and learning of writing within their settings.

This will be done by exploring the following topics and questions:

- How can we create a classroom environment which supports an independent writer?
- How can we take advantage of talk and the rhetoric roots of writing?
- How can we enhance pupils' ability to edit and revise their writing?
- How can your writing curriculum develop a sense of 'authorship' focusing on the audience and purpose of a piece of writing?
- What does an accurate and systematic approach to writing assessment look like?
- How can we build resilience and stamina for writing?
- How can we establish writing in the subject disciplines?
- Why is it important to explicitly teach and model the different stages of a writing journey?
- How can our curriculum design highlight the importance of the relationship between reading and writing?
- How can our curriculum and learning sequences focus on the craft of sentence construction and composition?

James Durran is a Senior Education Adviser in North Yorkshire, where he moved after teaching for 24 years in Cambridgeshire. For many years, handwriting had a low status and profile in England (Medwell and Wray, 2007). However, the National Curriculum (2013) and – more recently – the Ofsted Research Review for English (2022) have signposted how crucial handwriting is to pupils' success in writing. This CPD session will demystify the teaching of handwriting, setting out research-informed principles and practical suggestions to support students in your school.

#### THE SESSION WILL EXPLORE:

- Cognitive load
- Putting handwriting in context
- Ensuring legibility
- Building automaticity
- Principles for effective handwriting teaching

#### The Importance of Narrative Language

Collecting stories dictated from children is a powerful way of understanding what they can produce. The story, once recorded, can be used holistically to give an impression of children's language development over time. An online recorded training session will be provided to participants, which aims to support teachers to forensically analyse a child's narrative language production and identify next steps.

# How to Implement Subject Knowledge Expertise and an Understanding of Developing the Curriculum within a Particular School Setting

### Sessions will include:

#### Whole School strategic lens

- Widen the lens to focus beyond a classroom to awareness of the whole school in terms of pupil progress and development
- Refine and build upon the participants understanding of quality-first teaching – what does this look like in each phase and within the different subject areas?

#### Effective Implementation

- Creating a plan: goals/milestones; analysis of team; long/medium/short-term
- How to carry out an effective subject review: Data; Outcomes; Staff knowledge; Curriculum

#### Curriculum

- What the 'curriculum as a progression model' really means, and the implications this has for planning and assessment
- How to build, sustain and renew a culture of rigorous curriculum thinking in a subject
- How can we make sure that our curriculum is ambitious?
- What are the key features of a well thought-through & personalised curriculum?

#### How to lead a subject

- Develop teachers' understanding of the difference between monitoring and evaluation
- Leadership skills – a culture of developing others
- How do you ensure a subject is progressive?
- How do you identify next steps?

Shadow a subject leader and begin to identify key aspects of a subject leader role to develop an understanding of the difference between operational aspects and more strategic work in a school. A range of case studies will be shared to support delegates' understanding.

## SEND Leadership – A Tiered Approach

This tiered training programme is aimed at supporting school leaders to understand their individual responsibilities within the leadership of SEND. It will address statutory requirements, schemes of delegation, curriculum adaptation and the monitoring of provision. The aim is that leaders have clarity of their roles within schools and their responsibility in supporting the wider team in meeting pupil need and monitoring the impact of their provision. This programme will prepare leaders for the changes cited within the March 2023 Department of Education SEND and Alternative Provision (AP) Implementation Plan.

Department  
for Education

### Tier 1: Leadership

Aimed at senior leaders in schools to clarify what strategic leadership of SEND is and develop a SEND focused scheme of delegation. It will support schools in using an audit of provision to be reviewed over time. This audit will focus on leadership of SEND, quality of teaching and learning and the use of resources.

**Thursday 28th September 2023**

9.15am – 3.30pm

Venue: LEARN SEND Hub, Newark NG23 5JR

Cost: £95

### Tier 2: SENCos

Aimed at SENCos, to support them in being strategic leaders, linking closely with the senior leadership team to cascade information and training throughout the school. It will address new research and government-led recommendations and initiatives, identify and signpost support organisations eg. Whole school SEND and will include EEF SEND in the Mainstream guidance. The trainers will support and challenge the delegates to consider the next steps required to meet the recommendations from the various evidence sources, enabling them to link theory and practice in their own provision, leading to future-proofing inclusive education.

**Day 1 Thursday 13th November 2023**

- Strategic leadership of SEND
- Working effectively with parents
- Your school through a SEND lens

Venue: L.E.A.D. Teaching School Hub, Lincoln LN6 3QR

Cost: £190

### Tier 3: Middle leaders

Aimed at Middle Leaders (MLs). It will ensure that MLs have a clear understanding of statutory requirements in relation to SEND. It will enable them to review their curriculum offer, check that it meets the needs of all learners and consider how it can be adapted to do so. MLs will consider how to support teachers in implementing this, and monitor effectiveness through a SEND lens using the EEFs implementation cycle.

**Day 1 Wednesday 17th January 2024**

- Policy to Practice
- Curriculum offer for SEND
- Implementation as a process

Cost: £190

## Tier 4: Teachers

This is a modular toolkit which can be accessed by all teachers depending on their individual CPD requirements. The twelve modules complement the ECT and NPQ packages by providing practical guidance. They will address research and common themes affecting learners and schools within the County. Each session will be held as a series of webinars 1.5 hrs in length.

These modules can be purchased at three different levels.

**Study Level: BRONZE**  
6 modules / £90 per person

**Study Level: SILVER**  
9 modules / £135 per person

**Study Level: GOLD**  
12 modules / £165 per person

ALL MODULES BELOW ARE WEBINARS BETWEEN 3.30-5PM

### MODULE 1 Thursday 5th October 2023

#### High Quality Teaching - the Inclusive Teacher

High quality teaching is firmly based on strategies that every mainstream teacher will have in their toolboxes or that can be easily added to (EEF 2021). High quality teaching in lessons reduces the need for extra support for all pupils. This session will promote the use of strategies researched by the Education Endowment Fund.

### MODULE 3 Thursday 16th November 2023

#### Scaffolding

This module looks at the area of scaffolding, a key strategy for improving learning, particularly in support of pupils with SEND.

### MODULE 5 Thursday 7th December 2023

#### Teachers' toolkit for meeting Communication and Interaction needs

This module will focus on recognition of those pupils that have communication and interaction needs. It will look at the common conditions that are included in this area and consider the difficulties faced when learning. It will provide day-to-day strategies to help these pupils access the curriculum. Intervention strategies and the support organisations that can be accessed in the setting will be discussed.

### MODULE 2 Thursday 2nd November 2023

#### Working with support staff

The increase in support staff has trebled since 2000, but do we always use them effectively? This module will let you reflect on your own settings and consider next steps on how to potentially develop the role and deployment of the teaching assistant.

### MODULE 4 Thursday 30th November 2023

#### Teachers' toolkit for meeting Cognition and Learning Needs

This module will focus on recognition of those pupils that have cognition and learning needs. It will look at the common conditions that are included in this area and will consider the difficulties faced when learning. It will provide day-to-day strategies to help these pupils access the curriculum. We will also discuss intervention strategies and the support organisations that can be accessed in the setting.

### MODULE 6 Thursday 18th January 2024

#### Teachers' toolkit for meeting Social, Emotional and Mental Health Needs

This module will focus on recognition of those pupils that have social, emotional and mental health needs. It will look at the common conditions that are included in this area and consider the difficulties faced when learning. It will provide day-to-day strategies to help these pupils access the curriculum. Intervention strategies and the support organisations that can be accessed in the setting will be discussed.

### MODULE 7 Thursday 1st February 2024

#### Teachers' toolkit for meeting Physical and Sensory Needs

This module will focus on recognition of those pupils that have physical and sensory needs. It will look at the common conditions that are included in this area and consider the difficulties faced when learning. It will provide day-to-day strategies to help these pupils access the curriculum. Intervention strategies and the support organisations that can be accessed in the setting will be discussed.

### MODULE 9 Thursday 14th March 2024

#### IEP - Plan through to implementation

This module will look at writing an effective IEP, making it a working document to enable progress and drive forward learning with our pupils with SEND.

### MODULE 11 Thursday 23rd May 2024

#### Working in Partnership

There are a range of other stakeholders in schools that need to be part of the collaborative approach in supporting pupils with SEND. This module will look at these working partners and work on how we can solidify relationships so that all pupils with SEND will benefit.

### MODULE 8 Thursday 29th February 2024

#### Behaviour and Engagement

Behaviour IS communication. This module develops an understanding that both positive and negative behaviours reflect how a pupil is feeling. Until those negative behaviours are managed, the pupil will find it difficult to be engaged with learning. This module will provide strategies to manage those more challenging behaviours and therefore enable learning and progress.

### MODULE 10 Thursday 25th April 2024

#### Learning environments

This module will cover the physical, emotional, and social considerations for your learning environment, focussing on communication-friendly solutions.

### MODULE 12 Thursday 13th June 2024

#### Successful SEND support-graduated approach cycle

This module will work through the four elements of the graduated approach, improving the teacher's responsiveness to the pupil's needs.

## Curriculum conversations with SEND leaders

### AIMED AT:

- Class teachers
- SENDCOs
- Headteachers
- Heads of Departments

John Tomsett taught for 33 years in state schools and was a headteacher for 18 years.

His books include: *Love Over Fear: Creating a Culture for Truly Great Teaching*; *Putting Staff First: A Blueprint for Revitalising our Schools* (with Jonny Uttley); *Cognitive Apprenticeship in Action* (editor); *Huh: Curriculum conversations between subject and senior leaders*; *Primary Huh: Curriculum conversations with subject leaders in primary schools*; *Primary Huh 2: Primary curriculum leadership conversations & SEND Huh: curriculum conversations with SEND leaders* (all Huh books are co-authored with Mary Myatt).

John is currently working on his next book with Mary, called *AP Huh: curriculum conversations with Alternative Provision leaders*.

[@johntomsett](#)

### Intended impact of the programme

- To explore the recently published book “SEND Huh” with one of the authors
- To develop an approach of looking at children for what they can do rather than what they can’t do
- To explore what provision looks like in your own setting – what are the barriers for implementation?

### Overview of the programme

Huh is the Egyptian god of endlessness, creativity, fertility and regeneration. He is the deity Mary Myatt and John Tomsett have adopted as their god of the curriculum. Their Huh series of books focuses on how practitioners design the curriculum for the young people in their schools.

The Huh project is founded on conversations with colleagues doing great work across the education sector. In SEND Huh, Mary Myatt and John Tomsett discuss curriculum provision for pupils with additional needs with some of the leading experts in the field.

Mary and John interviewed pupils, parents, teachers, headteachers, CEOs, educational consultants and lecturers. They then edited the transcriptions of those interviews to provide an ambitious, thoughtful, nuanced and challenging vision of what the best possible provision looks like for children with additional learning needs.

The challenging conversations which comprise SEND Huh paint an inspiring picture that is hugely hopeful for the future of SEND curriculum provision in our schools.

*“I simply adore this book. It rams home that being inclusive is not an excuse for low expectations. Instead of being an afterthought when it comes to curriculum, children with additional needs become drivers for what a well-rounded curriculum is for all young people. Curriculum decisions are about building and accelerating learning and the years of the deficit model of SEND should be put to bed by one reading of this latest book in Myatt and Tomsett’s powerful Huh series.”*

Vic Goddard, Co-Principal, Passmores Academy & CEO of Passmores Cooperative Learning Community

*“SEND Huh weaves together a sophisticated and thoughtful narrative of lived experiences from a wide range of contributors from every corner of the sector. It’s not often that a non-fiction book has such a profound effect on me. I found myself thinking about it days after, contemplating the nuance, mulling over the complexity, grappling with the challenges and acknowledging the rallying cry to ensure our pupils with additional needs receive an ambitious education that enables them to thrive.”*

## Mastery Readiness

A programme for primary schools that want to adopt teaching for mastery in maths, but would benefit from a staged approach

### What is involved?

Schools with additional challenges need bespoke support to ensure their systems and cultures are conducive to a teaching for mastery approach. Those who are not yet ready to join a Teaching for Mastery Development Work Group will prepare for implementing a teaching for mastery approach which is embedded and sustained across the whole school. This will involve receiving support from Mastery Readiness Leads, and developing classroom culture and attitudes to maths that will support a teaching for mastery approach, both on the part of teachers and their pupils.

After the year-long programme, Mastery Readiness schools will be ready to progress into Development Work Groups and beyond.

### Who can take part?

Schools will have an identifiable barrier to being able to successfully implement teaching for mastery at present. Barriers may include an Ofsted grading of RI or Inadequate, poor pupil progress in maths, serving an area of low social mobility, or issues in the school that have meant the implementation of sustained change has been difficult.

### Find out more

Search **mastery readiness** online or contact your local Maths Hub:

[enquiries@ememathshub.org](mailto:enquiries@ememathshub.org)

## Benefits

- Your pupils will demonstrate an improved mathematical mindset and potential to progress in the subject
- Your school leaders will promote a collaborative learning culture amongst staff in order to make improvements to the teaching and learning of maths
- You will put into practice the school's shared vision for what maths will look like in your school
- You will try new approaches to teaching maths and reflect on the impact of your changes regularly, so that you can share good practice beyond your own classroom

The **programme** is fully funded by the Maths Hubs Programme, so is **free** to participating schools.

# Primary Teaching for Mastery

## Development Work Groups

Be part of the continuing programme to develop teaching for mastery in maths in primary schools

### What is involved?

Two teachers from each participating school join a Work Group, consisting of six or seven local primary schools. Each Work Group is led by a trained Primary Mastery Specialist. Work Groups meet regularly to plan, observe and discuss teaching for mastery. In between meetings, teachers explore mastery approaches in their own classrooms and across their school.

Support is provided from a local classroom-based Mastery Specialist who leads the group. This model of professional development involves hands-on learning and peer-to-peer support. It is evidence-based and designed to support substantial long-term change.

### Who can take part?

This programme is for state-funded primary schools in England. Two teachers from each participant school will attend six half-day meetings during the school year, and lead teaching for mastery development in their own school.

### Find out more

Search **primary teaching for mastery** online or contact your local Maths Hub:

## Benefits

- Pupils will show a positive attitude towards maths, enjoy learning the subject and demonstrate a growth mindset
- Leaders will develop a common vision, culture and set of principles which support teaching for mastery
- Teachers will enhance their maths subject knowledge with an emphasis on progression within key areas of maths
- Teachers will cultivate a deep understanding of the principles and pedagogies related to teaching for mastery

The **Work Groups** are fully funded by the Maths Hubs Programme, so are **free** to participating schools.

# Secondary Teaching for Mastery

## Development Work Groups

Professional development to enable you to introduce teaching for mastery across your maths department

### What is involved?

Secondary maths teachers whose schools want to introduce teaching for mastery can nominate two teachers ('Mastery Advocates') to join a Work Group. Mastery Advocates then form part of a locally-based group of teachers who meet regularly to develop professional knowledge and expertise, and receive bespoke support.

In a Teaching for Mastery Work Group, teachers collaborate with colleagues from local schools, and get support and guidance from a Local Leader of Maths Education (LLME). Participants also take away ideas to help students become more confident mathematicians, ready to tackle GCSE and A level, and begin to introduce and embed teaching for mastery.

### Who can take part?

This programme is for state-funded secondary schools in England. Mastery Advocates should be teachers with the commitment, experience and authority to lead developmental work across a maths department. The support of the Head of Maths, and the headteacher or a member of SLT, is also essential.

### Find out more

Search **secondary teaching for mastery** online or contact your local Maths Hub:

[ncetm.org.uk](https://ncetm.org.uk) | @NCETM

Coordinators of the Maths Hubs Programme

## Benefits

- Your students will develop a deep, secure and connected understanding of the maths they are learning
- You will begin to develop teaching for mastery approaches within your own classroom
- You and your head of department will begin to develop an understanding of the practices and principles aligned to secondary teaching for mastery
- You will begin to support the teachers in your department to develop teaching for mastery approaches in their practice

The **Work Groups** are fully funded by the Maths Hubs Programme, so are **free** to participating schools.

# Universal SEND Services

**Universal SEND Services is an ambitious programme, funded until 2025 by the Department for Education (DfE) to develop the education workforce so that more children and young people have their needs identified and met effectively, resulting in successful learning in schools and further education (FE) settings, and leading to improved Preparation for Adulthood, including pathways to employment.**

It is delivered by nasen, through the Whole School SEND consortium, in strategic partnership with the Education and Training Foundation, and the Autism Education Trust along with key delivery partners in the education community.

Much of our offer is suitable for professionals both in schools and in FE. We hope that people who use our services will start to think about how we can all work together for the benefit of our learners with SEND, from school to FE and beyond.

## National provision, regional context

Understanding the local context is crucial to improving national SEND provision. The Whole School SEND regional leaders and ETF's Centres for Excellence in SEND bring together school and college-based practitioners to support prioritisation of SEND within their own settings.

## Events

We offer CPD on a wide range of topics, hosted by our regional teams in partnership with highly respected guest speakers from the world of education. All our CPD is fully funded by the Department for Education and free to attend.

## Resources

We regularly publish free resources to support our members with all aspects of SEND provision. See overleaf for details of some of the key resources from our strategic partners.

# How can Universal SEND Services support me?

## Online CPD Units

Bite-sized units addressing the barriers most commonly observed in classrooms and other learning environments, regardless of age, label or area of need.

## Professional Development Groups

Lead your own SEND-focused school development project with support from a Regional SEND Lead.

## Responsive Webinars

Live webinars reflecting the priorities of the sector at the time of delivery.

## Action Research and Lesson Study

Led by the University of Derby ISEND Cluster to support schools, colleges and FE staff to develop small scale research projects.

**Find out more!** Visit our website to explore the full range of support and CPD opportunities available through the Universal SEND Services programme →

## Live Online Networking

Complementing the themes explored in the online CPD units, this is a chance to contextualise learning, share experiences and learn from colleagues across the country.

## ETF Excellence Gateway

Online sessions for anyone working in the education sector with an interest in improving experiences for learners with an inclusion need.

## Peer Mentoring for School Leaders

Support for school leaders in schools deemed by Ofsted to require improvement (where SEND is an area for development).

## Innovation for SEND

In partnership with the SEA View Trust, share your BIG IDEAs as part of the development of a national database of good practice.

## Key Resources from our Strategic Partners

### Whole School SEND's Teacher Handbook: SEND

Designed to help teachers embed inclusive practice in their classrooms, brimming with wholeschool and whole-class approaches as well as subject-specific and condition-specific guidance.

### The AET Good Autism Practice Guidance

This report and practitioner guide summarises the ethos, values and practice that should inform inclusive education for all children and young people whilst specifying the distinctive knowledge and teaching approaches required.

### ETF's 'Putting learners with SEND at the centre of FE provision: A partnership approach'

This publication highlights the benefits to learners with SEND and their teacher and tutors of closer working between specialist and general FE colleges.

# Careers Hub

The Greater Lincolnshire LEP is working in partnership with the Careers Enterprise Company, with support from Lincolnshire County Council, North Lincolnshire Council and North East Lincolnshire Council, to create a network schools, colleges and local businesses. School and College Careers Leaders are eligible for free support from our team of Enterprise Coordinators to improve careers strategies and programmes. Greater Lincolnshire has recently been awarded Careers Hub status, bringing an increased resource into the area for careers-related activities and events.

A key element of the Careers Hub is the Enterprise Adviser Network, which enables volunteers from local businesses to work directly with the senior leadership team in secondary schools and colleges. Their involvement links the school to the world of work and adds value to the school careers, enterprise and employer engagement strategy. Find out more about what an Enterprise Adviser does at: [www.greaterlincolnshirelep.co.uk](http://www.greaterlincolnshirelep.co.uk).

## CPD: The Wider Offer

# Leading into the Future: Supporting Leadership across Lincolnshire Schools

To complement the DfE accredited NPQ programmes within Lincolnshire, there are a number of forums which can be accessed for support, challenge and development of current practice. This can offer the pooling of resources and ideas, ensuring that each setting is connected with the most recent updates in education. This applies to staff who are post ECF within the 'Golden Thread' of professional development.

*"By working together, pooling our resources and building on our strengths, we can accomplish great things."*  
Ronald Regan

## LEADERSHIP PATHWAY

## Post NPQ

Following the NPQ Programmes, participants from the specialist programmes will be invited to join an Alumni group.

## Why complete an NPQ through L.E.A.D. Teaching School Hub?

We are determined to support schools and leaders with ensuring that those studying for a National Professional Qualification are supported throughout their studies AND also once they have completed their programme.

The journey does not and should not end once specialists and leaders have completed their National Professional Qualification.

We will be inviting Specialist and Leadership Participants to join Alumni groups for NPQBC, NPQLT, NPQLTD, NPQLL and NPQEYL. Each Alumni group will meet three times a year, twice online and once face-to-face. Each participant that joins the Alumni group will gain a logo to share on their school website, identifying that there are specialists and leaders in the respective specialist areas at that setting.

### THE AIM OF THE ALUMNI GROUPS IS TO:

- ensure that the learning and impact in schools is sustained
- that relationships between specialists and leaders continue to grow and the networks continue to build
- share progress specialists and leaders have made in their schools with each other, as they continue to impact on their respective settings
- ensure specialists and leaders continue to access further expertise and learning
- track the impact of the programme on specialists and leaders and their schools as they continue to develop in their career as part of the golden thread
- continue to support specialists and leaders as they progress in their career, sharing aspects that may be of interest including resources, innovation and research.

Those leaders studying for NPQSL and NPQH will be invited to Senior Leader and Headship forums on completion of their programmes, continuing to work with other senior leaders, head teachers and executive heads as they progress on their leadership journey.

# Deputy and Assistant Headship

*'Flourishing in the Role'*

This programme is for any professionals fulfilling Deputy, Assistant, Head of School or Acting Headteacher roles.

## Content will include:

- What are the components of effective leadership?
- What is effective governance/finance?
- Health and Safety/ Safeguarding
- The effective role of the Deputy Headteacher- Strategy v. Operational
- Teaching and Learning - what is your role?
- The Vision and School Improvement Planning
- Data and Monitoring
- Any other elements which the group selects as a need or desire

## What is the desired impact?

- Increased confidence and skills in the leadership role
- Opportunity to connect with others in a similar role
- Awareness of current thinking and research
- Tools and approaches to support the position

This programme is fully funded. It aims to compliment the NPQs and add further detail around the operational and strategic elements of the Deputy Headteacher or Assistant Headteacher position.

# Early / New to Headship

A funded professional development programme, designed to support Head Teachers in the early stages of their headship career to develop a coherent strategy to enable them to achieve a greater level of effectiveness.

## The extended programme for headteachers who:

- Have recently started their first headship, and those who have secured a post but not yet started
- Want to ensure they are best equipped to meet the challenges of the early stages of headship
- Recognise that they have much to learn on the job and are willing to be work and learn in collaboration with others to enhance their effectiveness

## Intended outcomes for those participating

- To gain a deeper understanding of what being a substantive Headteacher really means
- To extend knowledge and experience of practical strategies that will deepen your effectiveness
- To gain insights from others slightly ahead of you in the headship journey
- To consider ways of convincing others of the need for significant change & to develop the skills to implement this

## Key elements

- A deepening of your analysis of the school's effectiveness as likely to be assessed by others (Ofsted)
- How to underpin your judgements about school effectiveness by using a tried and tested evaluation method
- Contributing to the improvement of others and in return receiving peer support and challenge

# Headship : 'An Offer for All'

Working in partnership with the Local Authority, Diocese and Lincolnshire Schools, the Headteacher Briefings in Lincolnshire provide the opportunity to:

- Network with colleagues
- Share current challenges and find collective solutions
- Share thinking and interact with updates

## The content

The approach to the briefings will be revised to include Case Studies/ Input around the following areas and opportunity to share practice in the following areas:

- Creating a culture/ leading people/ relationships and professional development
- The approach to implementation, planning, writing and monitoring to have an impact
- Rigorous and robust assessment and monitoring to impact upon outcomes
- Leading distinct groups and support staff successfully to maximise impact
- Effective leadership of inclusion, behaviour and SEND
- Effective leadership of high-quality teaching
- Continuous improvement of a high-quality curriculum including life-long learning
- Systems, processes and community-based approaches which impact upon school outcomes
- Moderation/ Assessment

These sessions will then be followed up each term online, to include current elements of need which arise throughout the year.

# Striving for Excellence Forum

This is an opportunity for leaders to come together and share expertise, looking at latest research and best practice across Lincolnshire and beyond. They will have the opportunity to travel to other settings and disseminate this with Lincolnshire schools. This forum will invite leaders who have supported others and demonstrated professional generosity across the sector.

## Specialist SEND Training Providers

### ABOUT US...

#### Who we are:

LEARN SEND Hub is the Continuing Professional Development (CPD) team within Community Inclusive Trust. They are specialists in developing strategic leadership of SEND and have a team who can work with leaders and SENCOs to ensure that SEND and inclusion are embedded into whole school provision with the aim of having a positive impact on outcomes for all pupils. LEARN is well connected with a strong network of specialist partners and organisations. Their Director is currently a National Co-ordinator and Regional Lead for Whole School SEND, which ensures they are at the forefront of educational development and opportunities.

#### What we do:

LEARN provide bespoke professional development opportunities and school to school support in all settings, some of which are SEND specific. Their core focus is to ensure that every child receives access to high quality education.

The LEARN team can offer support to the wider workforce locally, regionally and nationally. This includes statutory training provision and a range of wider professional development opportunities at all stakeholder levels. This training will support staff to develop their educational toolkit and provide opportunities for progression throughout each stage of their career pathway.

#### SEND IN THE MAINSTREAM:

This was a wonderfully beneficial training course that has given me so many strategies to put into place, not only in my classroom but whole school

Training is available in all of the following areas

Cognition & Learning

Sensory & Physical needs

Social, Emotional & Mental Health

Communication & Interaction

Thank you so much for all of the hard work and effort you have put into working with our SENCO and getting us back on track with regards to SEND – you have been incredible! I am hoping that what you have put in place can now be embedded and sustained to ensure that we are providing the best possible education for these children that each and every one of them deserves.

That's brilliant, thank you. I can't believe how much more confident and, dare I say it, dynamic I feel now. I really feel so much more organised. I will most definitely be in touch at some point.

# Teaching Assistant SEND-specific modules

This is a modular toolkit which can be accessed by all teaching assistants working with pupils with SEND in mainstream primary and secondary school settings. These will be one-hour long webinars which will be time-accessible on the LEARN website. They have been developed to assist teaching assistants in developing their skills, effectiveness and confidence when working with pupils with SEND.

Available from Spring 2024.

Click  
here

These modules can be purchased at three different levels.

**Study Level: BRONZE**  
6 modules / £60 per person

**Study Level: SILVER**  
9 modules / £85 per person

**Study Level: GOLD**  
12 modules / £96 per person

## MODULE 1

### The role of the teaching assistant with pupils with SEND and development of working relationships.

This module will investigate the role of teaching assistants in school and how this has changed and grown over time. It will look at the key role of the teaching assistant in mainstream schools, particularly with pupils with SEND. It will also consider the importance of forming solid professional working relationships with pupils, parents and staff.

## MODULE 2

### High Quality Teaching

In this module we will look at the components of High Quality Teaching using research materials developed by the Education Endowment Fund.

## MODULE 3

### Promoting effective group working

Teaching assistants spend a proportion of their time working with small groups of pupils. This module will consider how best to support the pupils in group settings.

## MODULE 4

### Promoting independence

This module considers how best to help our pupils with SEND develop their own personal independence and independent learning.

## MODULE 5

### Scaffolding and questioning

This module looks at the area of scaffolding, a key process by which learners are helped to achieve their learning goals. The art of skilled questioning techniques are also explored.

## MODULE 6

### Delivering effective intervention programmes

This module will look at the types of intervention that are available and appropriate strategies for delivery. It will consider the components required for a successful intervention, making links from the learning in the intervention sessions to the learning in the classroom.

## MODULE 7

### Providing valuable feedback for teachers and pupil

Teaching assistants often have the privileged position of being with pupils when learning occurs. This module will consider ways of providing essential quality feedback of that learning to the teacher.

## MODULE 8

### Understanding Communication and Interaction needs

This module will focus on recognition of those pupils that have communication and interaction needs. It will look at the common conditions that are included in this area and consider the difficulties faced when learning. It will provide a strategy toolbox for the teaching assistant to help support all pupils with these needs.

## MODULE 9

### Understanding Cognition and Learning needs

This module will focus on recognition of those pupils that have cognition and learning needs. It will look at the common conditions that are included in this area and consider the difficulties faced when learning. It will provide a strategy toolbox for the teaching assistant to help support all pupils with these needs.

## MODULE 10

### Understanding Social, Emotional and Mental Health Needs

This module will focus on recognition of those pupils that have social, emotional and mental health needs. It will look at the common conditions that are included in this area and consider the difficulties faced when learning. It will provide day-to-day strategies to help these pupils access the curriculum. It will provide a strategy toolbox for the teaching assistant to help support all pupils with these needs.

## MODULE 11

### Understanding Physical and Sensory Needs

This module will focus on recognition of those pupils that have physical and sensory needs. It will look at the common conditions that are included in this area and consider the difficulties faced when learning. It will provide day-to-day strategies to help these pupils access the curriculum.

## MODULE 12

### Calm and 'ready' to learn

This module develops an understanding that both positive and negative behaviours reflect how a pupil is feeling. It will provide strategies for de-escalation when managing more challenging behaviours and therefore enable learning and progress.

# Primary History Conference

Local history is an important part of the curriculum and presents unique challenges and opportunities! This conference gives you what you could cover, resources you can utilise, and case studies to show you how it can be implemented successfully in school settings.

## Overview of the programme content

### Session 1: Local History - Alison Hales

Alison Hales is Senior Lecturer in Primary Education, History and Early Years at the University of Greenwich, UK.

### Session 2: Connections between the local and national stories!

In this session, Stuart Tiffany and Sarah Longair will explore how teachers can embed local history within a wider study to provide meaningful and tangible examples that show history is literally all around us and not merely the big sites found elsewhere. The aim of the session is to show how the National Curriculum facilitates a wealth of opportunities and how we can tap into that.

## Workshops to include:

- Lincolnshire archives
- Kate Argyle - The Heritage Schools manager for the county
- Case Studies including KS2 - Lincoln through time as a Post-1066

### Aimed at:

- History Subject Leads
- Aspiring Primary History Leads
- Humanities Leads

# Primary Geography Conference

## High Quality Primary Geography Provision

## Intended impact of the programme

- To better understand substantive and disciplinary knowledge within the context of the national curriculum and the 'real world'
- To enable improved planning and implementation of a well-sequenced and coherent curriculum that will have maximum impact on pupils' geographical learning
- To recognise and mitigate some common misconceptions around the subject
- To explore and develop a range of practical ideas for teaching high-quality geography, including fieldwork opportunities

### Aimed at:

- Primary phase teachers
- Leaders of Geography

## Overview of the programme content

### Session 1

The first part of the day will concentrate on exploring the golden threads of geographical learning and how these inform curriculum content and learning intentions.

### Session 2

The second part of the day will consider how to implement relevant and authentic delivery of the subject's content and how to continuously monitor the impact of the curriculum on pupils.

### Session 3

The final session of the day will focus on geography fieldwork. Geography is an active and dynamic subject and fieldwork plays a pivotal role in making the content memorable, engaging and enjoyable by connecting it to the world outside the classroom window. We will consider what great fieldwork looks like and how it can be woven through the curriculum.

# Secondary Geography Conference

## High Quality Secondary Geography Provision

### Intended impact of the programme

- To enable improved planning and implementation of a well-sequenced and coherent curriculum that will have maximum impact on students' geographical learning
- To explore activities that will encourage students to think like geographers
- To explore what high-quality geography fieldwork looks like and how it can be embedded into the curriculum

🐦 @The\_GA  
🐦 @beckykitchen

Aimed at:

- All secondary phase Geography teachers
- Leaders of Geography

### Overview of the programme content

#### Session 1

We will begin the day by understanding the importance of a well-sequenced and coherent curriculum before applying some planning tools which can help build in progression and have maximum impact on students' geographical learning.

#### Session 2

The second session will take the concept of students 'thinking like a geographer' to explore what this really means and how students can develop knowledge and skills through a range of activities.

#### Session 3

This session will begin by exploring what high-quality geography fieldwork looks like using criteria from the Geography Quality Mark Centre of Excellence. Ideas for embedding fieldwork within the curriculum will be explored along with 'quick wins' for supporting Year 11s with the fieldwork element of the GCSE paper.

# Refining Subject Leadership

## A Staff Meeting Model

### Intended impact of the programme

A subject leader's role is to analyse and build appropriate provision in their subject, cultivating the staff's pedagogical content knowledge to maximise learning across their school. The training will comprise of 3 sessions structured around the EEF's Implementation Process. By all subject leaders receiving the same key messages, the school is able to create an agreed vision and culture around subject leadership. With all staff developing their understanding around effective leadership, sustained change and impact can be made within a setting.

Aimed at:

- All subject leaders and SLT within a setting

### Overview of the programme sessions

Subject leaders will develop strategies to support them with gaining excellent levels of subject expertise, knowledge of how a subject should progress over time, and how it connects with the school's curriculum as a whole. Staff meetings are to be arranged with the school and spread out over the academic year to allow for gap tasks between sessions.

#### Session 1: EXPLORE

- How strong is my subject currently? How do I know?
- How to carry out an effective subject review: Data; Outcomes; Staff knowledge; Curriculum
- How do you ensure your subject is progressive? How do you know your subject is rigorous, coherent and sequential?

#### Session 2: PREPARE

- What gaps have you identified? How do you plan to overcome them?
- Strategic planning for improvement: Why? How? When?
- Goals/Milestones; Analysis of a team; Long/medium/short term measures of impact

#### Session 3: DELIVER

- Monitoring strategies
- Leadership skills – creating a culture of developing others
- How are you addressing professional development to ensure that teachers are developing with the curriculum?
- What journey did you go through to get to this? What are your next steps?
- How well do I communicate the impact I have had as a subject leader?

The sessions will be spaced out to allow for agreed gap tasks between the sessions. The course facilitator will work closely with the school's leadership to ensure that the training is bespoke to the needs of the school. Additional support in the form of coaching and mentoring can be included in a bespoke model.

Cost for whole school training: £495

# Assessment Across the Wider Curriculum

This two-day course outlines how senior leaders can improve the quality of assessment in Foundation Subjects by using the curriculum as a progression model.

### Overview of the programme sessions:

#### Day 1: The curriculum as a progression model

Common approaches to assessment include the labelling (emerging, expected, exceeding) of attainment or its quantification (3 points of progress). This quantitative approach to assessment has very little value beyond national evaluations. Chris will present the case for and demonstrate how schools can create a qualitative progression model. He will also show how such a model gives schools genuine evidence of student progress.

Learn about:

- How to clearly define learning and progress
- Threshold concepts
- Broad curriculum goals
- Unpacking curriculum goals with specific knowledge
- How to create Portrayal of Progress (POP) Tasks
- The difference between curriculum goals and the route to them.

Gap Task: Create POP Tasks

#### Day 2: The curriculum as a progression model in action

This session will focus on the use of a curriculum progression model to secure and assess progress. It will explore practical strategies for using the model for:

- Assessment for learning
- Formative assessment
- Summative assessment.

# Unpicking Assessment in the Foundation Subject Primary Curriculum

As teachers and leaders, it is important we are able to evaluate what knowledge and skills pupils have acquired and developed over time. As part of the present inspection framework, inspectors have broadened their monitoring of the curriculum to ensure that schools are truly providing a broad and balanced curriculum. They will be interested in finding out more about a school's approach to assessing the extent to which pupils have learned the planned curriculum.

Aimed at:

- Primary Foundation Subject Leaders
- Senior Leaders
- Classroom Teachers

Click here to book

Participants will:

- reflect on formative and summative assessment and how effectively this is used in school
- consider how the school's assessment system underpins the curriculum it teaches
- examine different approaches to assessment used by other schools
- explore the link between assessments tasks and retrieval practice as part of the learning process
- use the findings from academic research to identify changes to their/ school practice
- identify ways of 'quality assuring' the data through a range of monitoring activities
- ensure that any systems developed are manageable and meaningful for teachers and their workload pressures

# Successfully Identifying and Tackling Barriers to Learning

Course Leader  
Paul Longden

Identifying barriers to learning can be difficult because they come in all shapes and sizes, and are often particular to each pupil.

This course unpicks a range of barriers pupils may face and how we can successfully identify and mitigate the impact they have on pupils' success.

Participants will consider:

- A range of ways that school practitioners can identify pupil barriers
- The findings from social research
- Ways to break down the barriers
- Implications for teaching, the curriculum and the classroom environment
- Interventions and approaches that can be taken to minimise the impact of such barriers
- Ways we can evaluate our success

# Pupil Articulation: The Key to Developing Understanding and Evaluating the Impact of your Curriculum

### Participants will:

- Appreciate the relationship between ‘talking’ and ‘understanding’
- Explore the role of developing oracy across the curriculum
- Consider a wider range of strategies that teachers can build into their pedagogy – including exploring in detail the Dialogic Approach
- Appreciate the importance of developing metacognitive practice
- Reflect on how the design of the subject curriculum can be adapted to help pupils ‘know more’ and remember more’
- Use the findings from academic research to identify changes to their/ school practice
- Consider how monitoring activities can capture and evaluate the extent of pupils’ understanding about what they’ve been taught.

This course will explore the overwhelming benefits of ensuring your pupils are able and confident to articulate their learning and understanding.

The judgement about the impact of a school’s curriculum will partly be based on demonstrable evidence that pupils ‘know more, remember more and can do more’. With that in mind, this course will look at ways that both teachers and curricular leaders can develop and enhance pupils’ ability to articulate their curricular understanding.

# Pupil Premium

Developing and sustaining an evidenced-informed strategy to improve the outcomes for disadvantaged pupils

This course will enable participants to explore a variety of strategies to help school leaders overcome key barriers to learning and achievement and narrowing the gap for disadvantaged pupils.

Participants will have the opportunity to explore the research report from the EEF ‘Guide to Pupil Premium’ providing school leaders with a practical starting point to develop, implement and monitor an evidence-informed approach to their pupil premium strategy. The guide suggests a four-step cycle for school leaders to follow when developing and sustaining their strategy.

This training day will offer a range of practical strategies and ideas to help schools

- consider how PP funding can be used to mitigate the wider impact that poverty has on pupils’ school experiences
- explore the important factors when developing and delivering an effective strategy
- consider the range of factors attributable to successfully implementing new initiatives
- examine a range of approaches that will provide high-quality teaching for all as well as more targeted approaches for individual pupils
- realise the importance of oracy in improving pupils’ future academic success
- reflect on ways to support pupils SEMH needs and issues affecting wider family groups
- demonstrate the impact of funding linked to whole school and individualised strategies
- explore practical ways that governors can ensure the funding is spent effectively
- evaluating impact

# Unpicking and Evaluating your School Inspection Data Summary Report (IDSR) – Primary Age

## Aimed at:

- Headteachers
- Senior Leaders
- Middle Leaders
- Department Leaders
- Phase Leaders

This half day session will explore the school Inspection Data Summary Report (IDSR) helping leaders gain a better understanding of each section and how it may be analysed by inspectors in preparation for inspection.

Each section will be explored in detail, enabling participants to gain an insight into how the document is used in preparation for inspection

## Participants will:

- Explore each section in turn, reflecting on the key information presented
- Further develop an understanding of their own school contextual data
- Evaluate the extent to which their own indicators are reflective of school strengths or a cause for concern
- Have the opportunity to link data contained in the IDSR to current indicators
- Gain an insight into how inspectors may explore areas of concern

# Dual Coding, Rosenshine's Principles and Active Learning Strategies: Are They Evident in Teaching Pedagogy?

- Aimed at:
- Headteachers
  - Senior Leaders
  - Middle Leaders
  - Department Leaders
  - Phase Leaders
  - Teachers
  - Teaching Assistants

This course will provide participants with the opportunity to look in greater depth at key ingredients that contribute to highly effective teaching.

Research and inspection evidence suggest the most important factors in how, and how effectively the curriculum is taught. These are incorporated into the 'implementation' part of the Quality of Education section in the current Inspection Framework. Participants will explore the role that dual coding, graphic organisers, Rosenshine's Principles and Active learning strategies can play in achieving this.

## Participants will explore and reflect on:

- the extent to which teachers help pupils to understand key concepts, by presenting information clearly and encouraging appropriate discussion
- how effectively adults check pupils' understanding effectively, and identify and correct misunderstandings
- how teachers ensure that pupils embed key concepts in their long-term memory and apply them fluently
- the theory of dual coding and Rosenshine's Principles and how they can be incorporated into the teaching and learning process
- opportunities to use graphic organisers to support pupils in processing and demonstrating their understanding
- a range of 'active learning' strategies that adults could use in lessons and interventions

# Primary English Subject Leader Specialist Group

Aimed at:  
• Primary English Subject Leaders

## Intended impact of the programme

English Curriculum Leaders will be guided through a developmental journey aimed at equipping them to effectively lead English, increasing their knowledge of this curriculum area. Through the sessions we consider curriculum development and current focuses in the area of Primary English.

At each meeting, the Subject Leaders set some of the agenda for the following meeting. This ensures that the focuses are pertinent to all attending. Each focus is explored considering current research, as well as best practice across schools. National updates and key messages will be shared. Consideration will also be given to the English programmes their schools have taken part in throughout the term, as well as the ones they plan to attend, to support them in their monitoring and evaluating the impact of these in their school.

As well as this, each meeting will have a specific focus, ensuring the group covers all aspects of leading English across the year.

## Overview of the programme content and sessions:

The sessions will focus on aspects such as the following whilst also ensuring that we respond to the bespoke needs of the group as the year progresses.

# Music Subject Leader Specialist Group

## Intended impact of the programme

Attendees will gain a greater understanding of national, regional and local music education developments, policies, key headlines and opportunities. This will inform their School Music Development Plan that captures the curricular and co-curricular offer as part of the National Plan for Music Education: The Power of Music to Change Lives.

## Overview of the programme content

All children and young people should receive a high-quality music education in the early years and in schools. We should aim high with the music provision, to embed and exceed the national curriculum and to support pupils to realise their musical potential. A high-quality school music education consists of three distinct, but interlinked areas of provision.

- Curriculum music, compulsory from key stages 1-3, then optional for examination classes (e.g. GCSE, vocational and technical qualifications and A level).
- Instrumental and vocal lessons, and ensemble membership.
- Musical events and opportunities, such as singing in assembly, concerts and shows, and trips to professional concerts

The Music Subject Leader Forum will enable colleagues to develop, share and network in order to deliver their School Music Development Plan for the benefit of their pupils.

# Primary Geography Subject Leader Specialist Group

- Opportunity to share good practice and be a part of a professional subject network.
- Improve understanding of geographical knowledge (substantive and disciplinary) and skills.
- To better understanding what thinking, behaving and applying like a geographer entails and how to best model and embed that in primary classrooms.

Aimed at:

- All primary phase leaders of geography

## Overview of the programme content and sessions

### Session 1

The geography national curriculum begins with: 'A high-quality geography education should inspire in pupils a curiosity and fascination about the world...' The session will focus on how to stimulate and provoke pupils' curiosity, before exploring what a good geographical enquiry might look like in the primary phase.

### Session 2

Using, interpreting and creating maps is a central geographical practice from Nursery age upwards. This session will consider how maps support the learning of knowledge across the geography curriculum and beyond.

### Session 3

Good geographers observe, measure, interpret and connect their personal experiences of the world with the concepts, themes and facts learned during lessons. The final session of the year will look at the importance of fieldwork and how to make it meaningful, relevant and impactful.

# Early Years Subject Leader Specialist Group

This programme will support Leaders of Foundation Stage and SLT supporting EYFS practitioners.

The aim is to provide delegates with opportunities to network, share best practice and focus on aspects that have been drawn from 2023 data. Delegates will be able to participate in professional conversations around their baseline assessments.

There will be an ongoing theme of promoting early language throughout the sessions as well as sharing essential tools, resources and audits to support you with developing your EYFS setting and quality of teaching and learning across the whole staff team. The focus of the sessions will be amended in response to the bespoke needs of the group.

## Overview of the programme content and sessions

### Session 1

This session will provide opportunities to:

- explore themes from 2023 data
- begin building a tool kit of research informed resources to support you in developing provision in your setting
- discuss your baseline assessments and areas that you would like to explore in more detail in subsequent sessions

Delegates will carry out gap tasks in preparation for session 2:

- Audit tool
- Hot and cold spots in provision

### Session 2

This session will provide the opportunity to explore:

- themes from gap tasks from session 1
- opportunities to network and share best practice around areas identified from the gap tasks
- access to further research informed tools

### Session 3

Content for this session will be in response to the needs of the group. Delegates will have the opportunity to request areas that they have identified from the tools provided in sessions 1 and 2.

# Primary Art Subject Leader Specialist Group

**Course Leader**  
Emily Gopaul

The Primary Art class was founded by Emily Gopaul, a London-born art educator, artist and art education consultant of Indo-Guyanese descent. Her pronouns are she/her/hers. With extensive experience in teaching and leading art in both primary and secondary schools, Emily has established herself as a respected figure in the field of art education.

Emily authored the book "Teaching Primary Art and Design" in 2018, sharing her ideas for effective practices and lessons.

Currently, Emily operates through her company, The Primary Art Class, where she works as an art educational consultant and advocate. Her expertise is sought after by educational and cultural organizations. Emily has worked with renowned institutions such as Teach First, Findel, Tate, BBC Bitesize, BBC Teach, The Crafts Council, Freeland's Gallery (Artistteacher), NSEAD, and The Thackray Museum, among others.

Emily engages directly with schools and conducts Continuing Professional Development (CPD) events. She is passionate about art education and welcomes opportunities to discuss her interests and work, as well as to foster collaborations.

As a lifelong learner, Emily's consultancy and advocacy practice continues to evolve and adapt. By staying up to date with the latest developments in education and art, Emily ensures that her perspectives and offerings remain relevant and contribute to positive and inclusive change. Drawing from her nearly two decades of classroom experience, she grounds her work in real-life practices, maintaining a practical and impactful approach.

Furthermore, Emily actively collaborates with the National Society for Education in Art and Design (NSEAD) on their anti-racist initiatives. She is deeply passionate about ensuring that art education is not only inclusive but also actively works against racism. Emily believes in the transformative power of art and its potential to challenge societal biases and promote equity. Through her work with NSEAD and other platforms, she advocates for anti-racist practices and strives to create learning environments where every student feels valued and represented.

Aimed at:

- Art leads and teachers in the primary sector
- Senior management in the primary sector

## Intended impact of the programme

Enhance your approach to reviewing and refining your current primary art provision by incorporating principles of inclusivity and anti-racism. Utilise the NSEAD checklists as a framework and supplement them with additional resources and stimuli that can be practically implemented to bring about positive changes in your curriculum and teaching practices.

Explore ways to critically evaluate and enhance your existing primary art provision through an inclusive and anti-racist lens.

## Overview of the programme content

# Graduated Approach Briefings

## Intended impact of the programme

The graduated approach briefings are aimed at SENDCos and other staff members of educational settings, who support the needs of children and young people with special educational needs and disabilities (SEND) in Lincolnshire. The briefings focus on removing barriers to learning and implementing effective special educational provision by embedding a robust graduated approach across educational settings.

## Overview of the programme content

The content changes and is dependent on the topics that have been requested through the annual survey and also what is current within Lincolnshire's SEND offer at the time of the briefing.

Graduated approach briefings occur regularly throughout the academic year, starting in October.

For more details on how to book each briefing throughout the year, or to access information on past meetings, including slides, recordings and presentations can be accessed via this QR code.

## Bespoke Support / Audits

Bespoke Support / Audits

How well does your setting accurately explore and identify the need for school improvement? At times, external specialists who lead in their field can support this phase of exploration, and can offer insight into elements of the provision which require celebration and further development. Over the two years since the Hub designation, there has been significant training and development of system leaders to ensure that there is enough capacity to fully support needs and work alongside Lincolnshire Schools. These are in the following areas:

These leaders work alongside the setting to audit the need in a supportive way. The impact of any aspects for development or next steps can then be provided or the audit can be offered without any further support.

Please see the range of audits below:

Teaching and Learning Audit

With the elements based upon the Great Teaching Toolkit by Evidence Based Education, the audit can support leaders to reflect upon their school's approach to Teaching and Learning. This can support the school's focus for future CPD and the development of teachers.

Writing Audit

The writing audits and audit reviews are led by a team of highly trained writing specialists who provide a detailed breakdown of strengths and areas for development within a writing curriculum. The audit looks at the teaching/ learning and assessment of writing across all appropriate age phases within your school, exploring both the transcriptional (such as spelling and handwriting) and compositional elements (such as the writing journey, a language rich environment and grammar) necessary for an effective writing curriculum. Follow-up support and audit reviews are available following an initial audit.

Reading Audit

The reading audits are led by a team of highly trained reading specialists who work alongside leaders to clarify areas of strength and any areas for development within a reading curriculum. The audit has had a positive impact within a number of Lincolnshire schools to date, supporting leaders to develop strategies and deepen their clarity around next steps and how to achieve them. The audit covers the leadership of reading; the reading curriculum; fluency; reading purpose, enjoyment and fulfilment; provision for the lowest 20%; and supporting the pathway from phonics to competent readers.

Curriculum Audit

A curriculum specialist can work alongside you to audit the curriculum, in line with the current Ofsted framework. Further support in the identified areas can also be provided if necessary e.g. Staff Meetings in relation to the Curriculum, coaching for specific subject leaders, planning with leaders etc.

- What was the purpose of the audit?
- What support has been put in place to support the audit?
- What was the outcome of the audit?

Leadership of Reading		
Key questions	Notes	Implications
How do you choose the texts for learning to read and reading comprehension? Is text choice progressive?	Variety: for fluency teachers find/write appropriate texts. Topic links: NF books Reading spine: Extracts used from that Talk for writing: Challenging texts. Quality texts.	Consider how the texts support a broad and wide experience of reading: will children experience diverse authors (this is already a focus for you); a range of themes (as discussed/structured/focussed, increase in challenge, old/new etc)?  This will help you not to miss the comprehension elements of the national curriculum.  How do books reflect the curriculum needs of the pupils in your school? Discussion point: Is there enough time allocated/in the structure supporting best use?
How often do teachers teach children to read?	Y1: Guided reading groups 25 mins daily, 20-30 mins of daily phonics. Y2: 2 1/2 hours whole class reading and phonics. Y3/4: 2 1/2 hours of whole class reading, 30 mins every day Y5: 1 hour 40 mins per week (20 mins daily) and 14W sessions. Y6: 1 hour per week, shared reading, (2 x 20 mins TWW)	Phonics audit sent.
How do you ensure that the teaching of early reading is prioritised?	Phonics taught from reception. Systematic phonics. Phonics review taken place.	

‘I can’t thank you enough for the support you have given us; we are already benefitting from the changes you have helped us to implement. We couldn’t be happier with the improvements... It is exactly as I would have hoped. Your support has not felt like a scrutiny; it was a constructive dialogue where you sensitively suggested ways to improve, allowing us to make the decisions.’

SEND Audit

Independently identifying strengths and areas for development in SEND can be challenging. The LEARN SEND team have trained a number of SEND specialists to work alongside leaders and teachers to audit SEND provision. Numerous schools across Lincolnshire have engaged with this audit and found the outcomes to be highly beneficial.

Early Years Audit

Early Years specialists can identify provision against the Early Years Framework. This includes the use of adults, indoor provision, outdoor provision, assessments, oracy, nurture, transition, interactions and many more elements which impact upon pupil outcomes in this phase. Follow-up support can also be provided.

**Teacher/Practitioner Confidence and Self-Efficacy Scale**

This questionnaire is designed to help us gain a better understanding of your opinions and reflections about developing oral and spoken language. Please think about each of the statements below and share your opinion by circling the appropriate number. All answers will be anonymous and kept in the strictest confidence.

	1 - Not at all	2 - Very little	3 - Some	4 - Quite a bit	5 - A great deal
1. How much theoretical knowledge about the development of children's spoken language do you have?					
2. How much practical knowledge about how to support children's spoken language do you have?					
3. How much confidence do you have in your ability to assess children's level of oral language?					
4. How much confidence do you have in being able to develop the environment to support children's oral language development?					
5. How much confidence do you have in your understanding of children's oral language development?					
6. How much confidence do you have in your understanding of reading development in relation to oral language?					
7. How important do you feel the development of children's oral language is?					
8. How prepared is your classroom to support the development of children's oral language?					
9. How much can you do to promote learning when there is lack of support from the home?					
10. How confident are you in your knowledge of how to support and work with colleagues to help them develop children's oral language?					

Language Learning Environment		This dimension involves the physical environment and learning context.			
		Not Seen	Observed	Comments	
1.	The classroom is organised to emphasise open space.				
2.	Learning areas are clearly defined throughout the classroom.				
3.	Learning areas are clearly labelled with pictures/words throughout the classroom.				
4.	Space for privacy/quiet areas where children can retreat to have 'down time' or engage in smaller group activities. These areas are less visually distracting.				
5.	Children's own work is displayed and labelled appropriately.				
6.	Some classroom displays include items that invite comments from children.				
7.	Book specific areas are available.				
8.	Literacy specific areas are available.				
9.	Background noise levels are managed consistently throughout the observation, and children and adults are able to hear one another with ease.				

1:1 Leadership Support/Coaching:

1:1 coaching and support can be provided for leaders. We have a team of trained coaches who can offer this according to the needs of the setting.

This can be:

- Working with senior leaders to identify leadership confidence and next steps
- Coaching around a specific element of the SDP
- Specific aspects/needs as identified by the school
- Coaching to support wellbeing and resilience of staff
- Coaching to enable potential and maximise efficiency in a school environment.

Rapid Improvement Package

At times schools can need very specific support in a range of areas. CPD which is DfE approved or otherwise is not sufficient as the support needs to be intensive. A team of specialists in any of the areas listed above can be sourced and an action plan created to provide this rapid level of support.

# Governance

# Governance

*“Effective governance absolutely underpins our continuing efforts to raise standards in our schools. Trustees and governors play a crucial role in our education system, serving with dedication and commitment for the benefit of our children and young people. I am delighted that, working with the NGA, we have designated over 60 new expert National Leaders of Governance to support trustees and governors, particularly those in trusts and schools that are most in need.”*

Baroness Barran,  
Parliamentary Under-Secretary of State for the School System

To gain further support in relation to Governance, there are a range of channels.

## 1. Arranging a Review of Governance

How to arrange an effective external review of governance for your school or academy trust, and improve the performance of your board.

### WHAT IS THE INTENTION?:

An external review of governance examines the effectiveness of the board based on the features and pillars of effective governance.

### ADVICE FROM THE GOVERNANCE HANDBOOK:

‘An objective independent external review of the effectiveness of the board can be a more powerful diagnostic tool than a self-evaluation. This is particularly important before the board undertakes any significant change – such as conversion to academy status or before a multi-academy trust (MAT) grows significantly.’

### WHAT DOES IT ENTAIL?

An ERG is conducted by an experienced governance expert who is external to, and independent of, the board and the executive leaders.

The review will examine the governance structure, operations and performance across the board, working closely with the board, executive leaders and the governance professional (previously referred to as ‘clerks’), to improve the board’s performance. Governance operations could include a range of contributors, including the governance professional or equivalent, the school business manager, legal and HR support and others.

A review should:

- consider the process and impact of decision making
- consider the impact of the governance support provided to the board
- test compliance with mandatory requirements

Ultimately a review should enable the board to provide reassurance to stakeholders and others that it takes its responsibilities seriously and is endeavoring to carry them out effectively. In academy trusts, proving this assurance to members is essential for the members to carry out their role.

### WHAT DOES A REVIEW PROVIDE THE BOARD WITH?:

- an independent, objective view of its strengths and areas for improvement
- clear recommendations for future improvement
- an opportunity for the board to review the strategic direction of the organisation and to evaluate the effectiveness of its processes and systems

**ACTION:** To organise a review, please contact [Governorsupport@lincolnshire.gov.uk](mailto:Governorsupport@lincolnshire.gov.uk)

## 2. Local Governance Support

The Local Authority offers governor based services.

We support governing bodies in Lincolnshire schools, and provide advice, guidance and support to all stakeholders. This helps ensure they remain compliant in their statutory duties, particularly in maintained schools.

This support includes:

- appointment and election of governors
- correspondence related to the governance of schools
- enquiries and requests for advice from school governors and clerks
- review of instruments of governance for school governing bodies

## 3. 1:1 Support/Training for Governors in Specific Areas

The Teaching School Hub can organise bespoke professional development sessions for governors in specific areas:

- Phonics and the Impact in relation to Reading
- Curriculum Leadership and Expectations
- RSHE protected Characteristics
- Pupil Premium and tracking the spend of Distinct Groups

# Effective Governance Monitoring

This programme will be led by an experienced leader.

The following aspects will be covered:

- Responsibilities and examples of best practice
- SDP/Reporting mechanisms and holding leaders to account
- Models for monitoring and evaluation- handbook/policy
- Subject leadership monitoring and evaluation tools
- SEND/PP/Safeguarding/Attendance monitoring and evaluation

# Active English Open Morning

Aimed at:  
• School leadership

## Agenda

9.15	Refreshments on arrival
9.30-9.50	Introduction to Active English
9.50-10.10	Opportunity to observe Active English (KS2)
10.10-10.25	Break
10.25-10.45	Opportunity to observe Active English (KS1)
10.45-11.00	Opportunity to observe Active English on the IRIS platform
11.00 onwards	Discussion, questions and next steps

Active English is an approach for teaching grammatical understanding to primary-aged pupils. It uses the principles of mnemonics to embed learning in an active and engaging manner, providing pupils with a deeper grasp of language and its application within writing that serves as a foundation for their future. We warmly welcome you to our open morning where you will learn more about this approach and how it could benefit your school.

This is only for schools who are currently not using the Active English approach.

# Active Spelling Open Morning

Aimed at:  
• School leadership

## Agenda

9.15	Refreshments on arrival
9.30-9.50	Introduction to Active Spelling
9.50-10.10	Opportunity to observe Active Spelling (KS2)
10.10-10.25	Break
10.25-10.45	Opportunity to observe Active Spelling (KS1)
10.45-11.00	Opportunity to observe Active Spelling on the IRIS platform
11.00 onwards	Discussion, questions and next steps

Active Spelling embeds learning in an active and engaging way, providing pupils with a deeper grasp of spelling and vocabulary that serves as a foundation for their future. As the children progress through the school, they will be taught how to self-select which approach they will employ to aid them with their learning of spelling, creating independent and confident spellers.

We warmly welcome you to our open morning where you will learn more about this approach and how it could benefit your school.

This is only for schools who are currently not using the Active English approach.

# Active Number Open Morning

Aimed at:

- School leadership

## Intended impact of the programme

Active Number is a whole-school approach to the teaching and understanding of number and operations to primary aged pupils. The programme uses the principles of mnemonics, intended to assist the memory, to develop “mastery”, providing a deepened understanding of number and calculation using the four operations. It is proven that learning gained by interacting with others, supports retention. Using images, actions and verbal reasoning the child’s learning develops using a spiral approach. Active Number has proven impact within both the lead school and beyond and is also supported by the current research.

If you would like to see Active Number in action at our showcase school (Kelsey Primary School) and speak to an expert facilitator to explore how the Active Number approach could be implemented in your school, please contact [admin@leadtshub.co.uk](mailto:admin@leadtshub.co.uk) to arrange a visit.

This is only for schools who are currently not using the Active Number approach.

# Active Development Days

## Overview of the programme content and sessions

If you have any of the following approaches in your school, we can offer tailored and personalised support to help to ensure fidelity to the scheme and a sustained impact within your setting:

- ACTIVE ENGLISH
- ACTIVE NUMBER
- ACTIVE SPELLING

**COST:** To be decided on a school by school basis (depending on a school’s size and needs)

For more information please contact [admin@leadtshub.co.uk](mailto:admin@leadtshub.co.uk)

This is only for schools who are currently not using the Active English approach.

An Active Development Day would include the following elements:

- A phone call prior to the visit to arrange timings and assign a focus for the visit;
- School data and anecdotal evidence will be looked at alongside the school leaders to help to identify key focus groups and to inform potential next steps;
- Paired learning walks with the subject leaders/senior leadership;
- The option for team teaching;
- The option to look at planning (long term, medium or short term depending on the needs of the school);
- The option for focussed training with specific individuals or groups;
- A detailed report will be produced to provide leaders with strengths and suggested next steps;
- Access to an online portal of training materials and videos.
