

Parental Feedback from Open Classroom 15.10.24

Mrs Mamodbai explained all about reading in detail. It was very helpful and a good reminder on how to ask children questions about their books. Thank you.

I like the way of teaching and it is very helpful to the child and this way it will help her to understand it properly.

I really enjoyed the session, I was able to see how my child learns in class and was able to do some activities with her.

Very helpful and informative and was clearly explained how to check my child has an understanding by questioning her on the story.

Enjoyed Being invited in to listen to my child read , they seemed more vibrant and enthusiastic wanting to do it more in class rather than at home.
Improvement would be to invite parents in more often.
